

# RESQ

## AIR BREATHING APPARATUS

Resq Two Stage Breathing Apparatus which is Virtually Maintenance Free, Durable, Reliable and Definitely the best value.

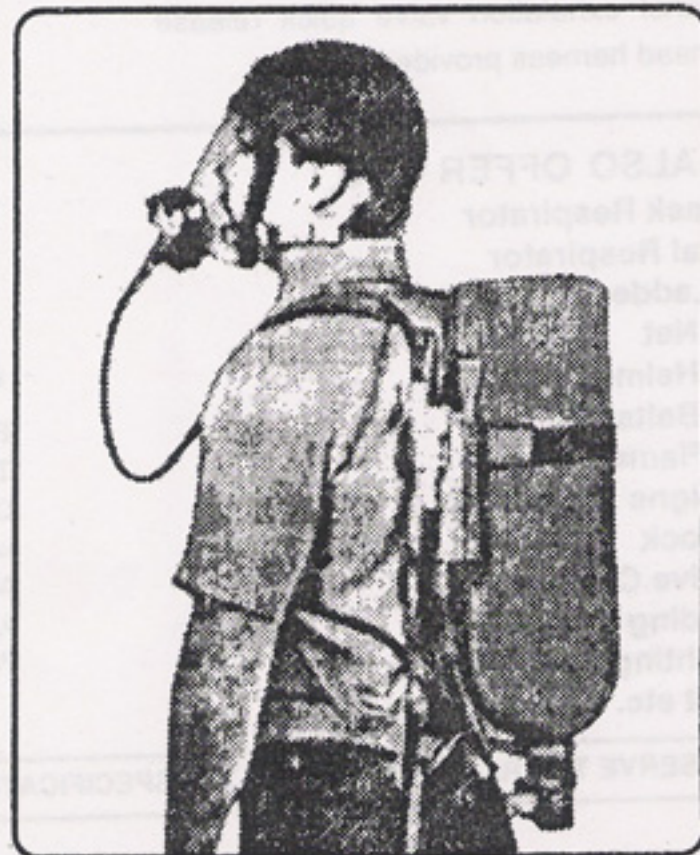

*For working in smoke/Gaseous contamination of any degree or oxygen deficient areas.*

*A Must for Fire Fighting, Rescue Operation & Industrial Safety.*

★ *Widely used all over the country by various private and public sector undertaking.*

★ *Available in 30 minutes and 45 minutes duration cylinders.*

### SPECIAL FEATURES :-

- 1. Pressure Reduction System of set is as per the latest International standards.*
- 2. No assistance required for donning the set.*
- 3. The Cylinder can be changed for recharging without any difficulty.*
- 4. The brass parts are chromium plated for corrosion resistance.*
- 5. Gives audible alarm before the expiry of the time.*
- 6. The equipment is supplied in an easy to carry case.*

**EQUIPMENT MANUFACTURED AS PER IS : 10245 PART-II**

Mfg. & Supplier of : GASEOUS CHLORINATION PLANT, BLEACHING DOSER, CHLORINE SOLUTION, CHLORINE GAS CYLINDER, WATER TREATMENT SERVICE CONTRACTOR ETC.

# COMPRESSED AIR BREATHING APPARATUS

**Air Supply Cylinder :** Seamless, high tensile steel cylinder manufactured to Home Office approved specification.

**Cylinder Valve :** Manufactured to BS/IS specification with a high tensile brass body, stainless steel seating and moulded rubber hand wheel.

**Pressure Reducer :** All brass construction utilising simple and well proven piston principle of operation and incorporating air filter and overload protection.

**Air Hoses :** Both high and low pressure hoses are PTFE line with stainless steel outer braiding and end fittings. Each hose is tested at more than twice its maximum working pressure.

**Demand Valve :** The demand valve operates in accordance with the wearer's inhalation and supplies air to the wearer's requirements. Exhalation is achieved through a separate valve and when this takes place the demand valve automatically close.

**Face Mask :** Moulded rubber full face mask as reflex edges for perfect face seal having speech diaphragm & unidirectional exhalation valve quick release buckles for head harness provided.

**Pressure Gauge :** Attached to shoulder strap with a swivel connection to the high pressure hose to indicate cylinder pressure.

**Alarm Whistle :** Attached to shoulder strap with a swivel connection to the high pressure hose to give audible alarm giving enough time to the user to reach safe place for change over of cylinder.

**Back Plate Assembly :** Sturdy, contoured light weight back plate with stainless steel band with quick release system for holding the cylinder.

**Harness Assembly :** Made from fine quality nylon webbing are adjustable type with quick release buckles.

**MAINTENANCE AND OPEATION MANUAL WILL BE FURNISHED WITH EACH SET.**

## OPTIONAL ACCESSORIES :-

- Air Line connection can be provided
- Second user provision connection can be provided

---

## WE CAN ALSO OFFER YOU :

- ★ Gas Mask Respirator
- ★ Artificial Respirator
- ★ Rope Ladder
- ★ Safety Net
- ★ Safety Helmets
- ★ Safety Belts
- ★ Spark/Flame Arrester
- ★ Glow Signs
- ★ Wind Sock
- ★ Protective Clothing
- ★ Barricading Safety Tape
- ★ Fire Fighting Equipments
- ★ Fire Suit etc.

---

## GASEOUS CHLORINATION

For Bacteria Free water Adoptable At water Treatment Plant.

Over head and Under Ground water Tank, Cooling water Tower. Effluent Treatment Plant.

**Mfg. By : AQUA SERVICES**

9, Vinayak Society, Gotri Road, BARODA-15.

Ph : 33 17 48
